

colorite
WHAT IS C3?

C3 is your online workflow management information system that is linked in real time to Colorite

GET IT RIGHT, FIRST TIME!

welcome to
colorite
**COMMAND
CENTRE**

REQUEST QUOTES, ORDER JOBS, VIEW WORK IN PROGRESS

STATUS, APPROVE JOBS, VIEW PDFS ONLINE IN REAL TIME

The Colorite Command Centre is a direct interface into Colorite's MIS system.

Quotes can be requested, jobs can be placed and approved throughout the workflow... **on line, anywhere, anytime**

Work in progress is viewed, all current and archived pdfs are available for viewing.

Multiple email notifications at every step of the process.

HOW DOES ^{colorite} C3 WORK? Easy - just talk to us

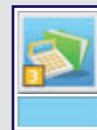

THE CRITICAL PATH

1 DRAFTS

Enter information and save.
No request for order or quote.

3 QUOTE

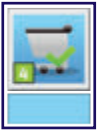

This is Colorite creating your quote.

2 QUOTE REQUEST

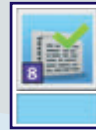

After entering your information, hit quote request and an email is automatically sent to your dedicated account manager

An email is sent back to you with a link directing you to view your quote online and download in PDF format. Next step is for you to approve the quotation.

4 ORDER

Once you have approved your quote online, your request now becomes an order. You are emailed a confirmation of this order.

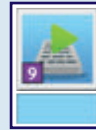

8 PLATE ORDER

Final approval of your proofs automatically places a plate order for your job into the Colorite production.

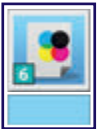

5 IN PRODUCTION

Production of your job begins in the Colorite Packaging workflow.

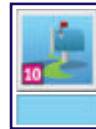

9 PLATE PRODUCTION

This status confirms that your plates are currently in production.

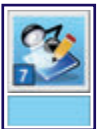

6 PROOF FOR APPROVAL

You are notified via email that your PDF proof is available to view. Clicking on the link within your email will take you directly to your job. This status is also for approving all types of proofs - GMG, stepped proofs.

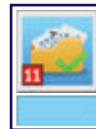

10 PLATES DELIVERED

Confirmation that your plates have been delivered. Confirmation via automatic email can be sent if required.

7 AMENDMENT REQUESTS

You can request amendments to any type of proof that has been requested. Any amendment request requires the approval stage to be completed again.

11 ARCHIVE

Once the plates have been delivered, the job is complete and the status now becomes an archived job. Details of this job are available to view via the search function.

PACKAGING PORTAL WILL DELIVER:

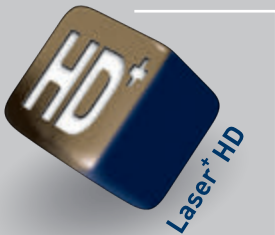

- ✓ A totally transparent online packaging prepress service
- ✓ Quote and order requests
- ✓ Live status update
- ✓ Reference to previous jobs
- ✓ Accurate specifications
- ✓ Online approvals that can include the brand owner
- ✓ Request remake plates
- ✓ View the latest PDF's of WIP jobs
- ✓ View PDF's of final archived jobs
